

**Welcome to Chimmys Golf.** My name is Sundeep Verma 'Chimmy'. I am a golf Professional in the capacity of a Golf Player, Instructor, Club Fitter and Club Maker. I have had an association with the game of Golf for the past 15 Years.

**As an Instructor** I am a Certified Instructor by the Indian National Golf Academy and have also received Training at the Harvey Penick Golf Academy in Austin, Texas. Besides this I have also worked with World renowned coaches, Mr. Kel Lewellen and Mr. Donato de Ponsiano. I am presently the Head Professional at the TERI Golf Academy, Gurgaon.

**As a Clubfitter and Clubmaker** I have been clubfitter for almost four years, conducting clubfitting days in various golf clubs across India. I am a Certified Clubfitter and a Clubmaker by Golf Smith (USA) and have received Training at the Golf Smith Clubfitting and Clubmaking School in Austin, Texas.

I am Certified Club Fitter by PING Golf and have done the PING Clubfitting course at their facility in Phoenix, Arizona. I presently work with their Authorized Agents in India as a Club Fitter and Technical Representative. I am also a Mitchell Golf Certified Club Fitter and Club repair Technician and have been trained at the Mitchell Tour Studio at the Professional Golfer's Career College in Orlando, Florida. Besides this, I have also been a Club Fitter with Titleist and Cobra Golf in India.

I am a member of the Golf Clubmaker's Association (USA), and a GCA accredited Clubmaker. I am also a member of the Professional Clubmaker's Society (USA), the only independent clubmaker's body in the world.

**As a player** I have played on the Indian Amateur Circuit for 7 years and am presently playing on the Indian PGA Tour as and when I get time from my Clubfitting and Teaching schedule.

Besides this I have worked at the Classic Golf Resort when it was the first and only Golf facility of International Standard in the country. I have worked there in many capacities and am one of the first persons in the industry to have worked as an Assistant to an 'A' Class US PGA professional in India. I have also worked with Authorized agents of Titleist, Cobra and Clubcar handling their operations in North India.

As a player I understand the importance of professionally fitted equipment having been building and tweaking my own clubs for competitions. No matter what level of player one may be, the importance of having a set of clubs with correct specified loft, lies and frequency matched shafts is immeasurable. A Golfer can take his game to the next level with the proper equipment. There are many factors involved in building a set of custom clubs such as having the right grip thickness and grip weight, correct loft and lie on your clubs, matching the flex in a shaft to the tempo of players swing, having the right set make up etc, because every player is physically different and swings at the ball differently. The Fit is an important piece of the puzzle to unlocking your potential.

The concept of having a set custom fitted to once specifications is virtually non-existent in India, whereas in the West a Golf player seldom buys clubs which are not custom fit. This prompted me to set up **Chimmys Golf**, the only facility of its kind in India. At Chimmys Golf we offer professional clubfitting, frequency matching of shafts, custom loft and lie adjustments on Mitchell Steel Club Machine "the most accurate and precise loft and lie Machine in the world and has been the number one choice for Tour Vans, Clubmakers and Leading golf equipment manufacturing companies around the world for the last 15 years". Apart from this we also offer Custom Grinding of Golf Clubs, Reshafting of Golf Clubs and a host of other services.

Let your equipment be an asset to your game and take it to the next level. With nearly 4 years of experience in Club Fitting, I will be happy to help you in the best way I can.

If you have any queries, please feel free to contact us any time.
